Dynamic and results-driven IT professional with a strong foundation in modern web development and a passion for delivering exceptional client experiences. Skilled in both technical problem-solving and customer support, ensuring seamless operation of digital platforms. Proficient in the complete web development ecosystem, with expertise in the React ecosystem, advanced knowledge of Next.js, and TypeScript for scalable, reliable applications. Adept at translating complex technical concepts into clear, client-friendly solutions, fostering trust and long-term relationships.

EXPERIENCE

Frontend Developer

Lazimpat

WebX Nepal

Jun, 2025 - Sep, 2025

I worked as a frontend developer designing and developing responsive web interfaces using modern technologies such as React and Tailwind CSS. My role involved converting UI/UX designs into interactive web applications, optimizing performance, ensuring cross-browser compatibility, and creating user-friendly, visually appealing digital experiences.

Technical Writer- Electronics

Buddhanagar

Entegra Sources Pvt.Ltd

Nov, 2025 - Feb, 2026

I worked as a technical writer specializing in electronics and computer engineering documentation. I prepared Career Episodes, technical reports, and engineering documentation by analyzing project details and translating them into structured professional narratives. My role involved drafting, editing, and designing clear technical content aligned with engineering standards and competency assessment requirements.

EDUCATION

SEE

Mirchaiya

Swastik Pathshala

Mar, 2012 - Mar, 2017

Class 12

Kathmandu

Prasadi Academy

Jul, 2018 - Jul, 2019

Engineering in Electronics,Communication and Information

Kathmandu

Advanced College of Engineering and Management

Jan, 2021 - Jan, 2025

PROJECTS

Automated Attendance Management System

- Developed an automated attendance system using YOLOv8 and FaceNet.
- Built a web platform with React, Node.js, and MongoDB for real-time attendance tracking.
- Implemented email notifications for low attendance alerts.

https://github.com/Aashik9567/Automated_Attendance_Management_System

WeatherApp - AI-Enhanced Weather Dashboard

- Real-time weather data with auto-refresh functionality
- AI-powered weather analysis and recommendations
- Interactive location search with GPS support - 10-day detailed forecast with hourly breakdowns
- Responsive design optimized for mobile and desktop
- Dark theme with glass morphism UI effects

<https://github.com/Aashik9567/weather-app-NextJs>

Smart School Management System

- Developed a full-stack Smart School Management System using React, Node.js, Express, and MongoDB.
- Implemented role-based dashboards for Admin, Teacher, Student, and Parent with secure authentication.

- Built modules for attendance tracking, timetable scheduling, marks management, fee monitoring, and notifications.
- Integrated AI-powered analytics and student performance insights with responsive modern dashboard UI.

<https://github.com/Aashik9567/Smart-School-management-system-Frontend>

Cable Network Website

- Developed a modern, responsive ISP website for Raghunathpur Cable Network using Next.js, Tailwind CSS, TypeScript, and Ant Design with advanced UI/UX design and smooth animations.
- Implemented interactive features including dark/light/system theme support, animated 3D visuals using React Three Fiber, modern pricing plans, coverage area pages, and optimized responsive layouts.
- Designed scalable frontend architecture with reusable components, modern routing structure, performance optimization, and visually engaging sections for internet plans, FAQ, and customer engagement.
